Re: Packaging Update Trimming Blades 130mm & 260mm

Trimming Knives

Item # BTK0130 PK/50

130mm

CAUTION:
Trimming Knives are extremely
sharp, please handle with care.

Trimming Knives

Item # BTK0260 PK/50

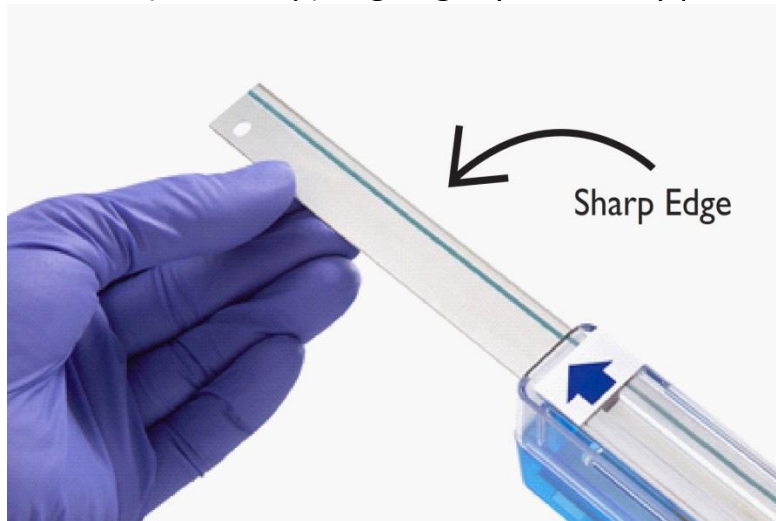

260mm

CAUTION:
Trimming Knives are extremely
sharp, please handle with care.

We have designed a blade dispenser to help facilitate safer and easier handling of the blades.

There is a blue line on blade indicating sharp side of blade that is closest to sharp edge.

We recommend dispensing the blade a few inches from dispenser and grasping the back (non-sharp) edge tightly. Carefully pull rest of blade out of dispenser.

Additionally, user may choose to dispense entire blade onto work surface.

CAUTION:

Trimming Knives are extremely sharp, please handle with care.
