

Prostate Biopsy Collection Kit

10% Neutral Buffered Formalin

#PP1006 20mL, 6 Bottle/Kit

Preparing Prostate Specimens for Transport

1. Complete requisition form, only one patient per requisition form.
2. Label each vial with the appropriate information. Use blue or black ink only.
3. Place each specimen into the corresponding vial. Secure cap tightly and place each vial into the appropriate section of the specimen tray. Multiple core specimens from the same area should be placed in the same collection vial. Be sure to discard any unused formalin collection vials to avoid confusion.
4. Enlose the Test Requisition and secure Prostate Kit for transport.

For In Vitro Diagnostics Use

Date Received: _____ Date Opened: _____

DANGER **CONTAINS FORMALDEHYDE** **HAZARD STATEMENTS**

Harmful if inhaled. Causes skin irritation. Causes serious eye damage. May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause an allergic skin reaction.
