Date Received:

Date Opened:

Formulated as a differentiator of Hematoxylin in regressive H&E staining procedures. This differentiator provides ideal differentiation of nuclear structures. Non-nuclear structures show clear staining by eosin with precise color variations by the eosin. Residual mucin staining by the hematoxylin is minimal to slight.

DANGER HAZARD STATEMENTS

Causes skin irritation. Causes serious eye irritation. Causes damage to organs. Highly flammable liquid and vapor.

PRECAUTIONARY STATEMENTS - PREVENTION

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dust/fume/gas/mist/vapors/spray.
