Overnight Bone Decalcifier

DehCLTM**DIRECTIONS FOR USE:**

DehclTM is a mild decalcifier formulated from semiconductor grade hydrochloric acid, EDTA, and highly purified reagent grade water. DehclTM can be used to safely decalcify all types of calcified specimens and is gentle enough that most specimens can be left in DehclTM overnight without worry of over-decalcification.

DANGER: Contains dilute acid. May be corrosive to metallic parts, skin, eyes and clothing. Avoid prolonged contact. Harmful if inhaled. Causes severe skin burns and eye damage. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Use only outdoors or in a well-ventilated area. Do not breathe dust/fume/gas/mist/vapors/spray. Wash face, hands and any exposed skin thoroughly after handling.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. **IF ON SKIN (OR HAIR):** Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. Immediately call a POISON CENTER or doctor/physician.

IF SWALLOWED: Rinse mouth. DO NOT induce vomiting.

IN CASE OF FIRE: Use CO₂, dry chemical, or foam for extinction.
