

High-precision laser that can create clear text and scannable barcodes.

Each model comes with LifeTrack's FREE software and lifetime support.

LIFETRACK TISSUE CASSETTE MARKERS

LifeTrack is the leading laser marker for histology and medical laboratories, offering reliable and long-lasting barcode identification for tissue cassettes. Clinical and research laboratories have relied on LifeTrack technology to accurately identify and trace specimens for more than 20 years. LifeTrack is the original developer of histology cassette marking technology. Printers are designed and manufactured in the USA. *Since 2001*
